EXPERIENCE

State of Utah, Salt Lake City — *Eligibility Specialist*

January 2019 - PRESENT

Manage a caseload of more than 200 people's benefits profiles. Mentor new specialists in their early months to ensure appropriate growth and development. Lead and supervise the team when the main supervisor was out for vacation or sick time. Pulled reports that were used to update team stats and trends.

Lexington Law Firm, North Salt Lake — *Multiple positions*

May 2016 - December 2018

Development Coach - Analyze phone agent trends at individual and department levels to create group and individual training programs, then delivered those trainings

Team Lead - Managed a team of 12-16 phone agents, created personalized development plans for them to meet metrics. Coordinated with peer leaders and upper management to release information like policy changes and company goals.

EDUCATION

University of Utah, Salt Lake City — *Coding Bootcamp Certificate*

Nov 2019 - PRESENT

Learning the ins and outs of website development, with a heavy focus in JavaScript frameworks, HTML, and CSS coding languages.

University of Utah, Salt Lake City — *Bachelor's in Health, Society and Policy*

MONTH 2014 - May 2018

Learned how laws and policy affect a population's health outcomes.

PROJECTS

League Manager — *Group Project*

A web application that is used to create and manage sports leagues. My roles were the application UI development head and DevOps leader. Utilizes Express, Node.JS, Handlebars for dynamic HTML templating. Styled using the Bootstrap Framework.

Weather Tracker — *Solo Application*

A web application to view the current weather, and the weather for the next five days. Utilizes JQuery, Ajax, and localStorage technologies. Styled using the Bulma Framework.

SKILLS

JavaScript knowledge, including JQuery and Node.JS.

HTML and CSS proficiency using the Bootstrap and Bulma Frameworks.

Proficiency in Git and VS Code.

Experience with MySQL and Sequelize.
